OCT 03 2001

MR. TOM JEFFERSON: My name is Tom Jefferson, and
7 I am representing myself and I am speaking also for the
8 Committee on Full Statehood of the State of Nevada.

9 We oppose anything done at Yucca Mountain that
10 is not done according to the Constitution of the United
11 States under Article 1, Section 8, Paragraph 17, which
12 stipulates the square mileage of coverage that you may
13 apply to the state for purchase from.

14 As far as the nuclear waste that may or may
15 not be put eventually in Yucca Mountain, we also request
16 that this waste be deeded to the State of Nevada. If there
17 is a breeder reactor ever put on the site or near the site
18 to handle the waste, we want the products to be deeded to
19 the State of Nevada.

20 We think this is a reasonable offer that the
21 State should make to the Nuclear Regulatory Commission or
22 the AEC, whatever the determining party is down at Yucca
23 Mountain.

24 And I think I speak for my whole committee,
25 although I don't believe many more of them are going to
0017

1 testify today. That's about all I have got to say. Thank
2 you very much.
